

BRYAN GOLDBERG

Endorsed by former State Rep. **Eddie Mannis**

As a former Republican State Representative for District 18 and now a voter and constituent of the district, I have witnessed the impact of true leadership on our community. It's clear that real, positive change can only occur when leaders prioritize bipartisanship and put the needs of their district first. Unfortunately, the current representative for District 18 does not share these values. In fact, she introduced a bill to eliminate early voting, which goes against our community's desire of increasing voter turnout and strengthening our democracy in this pivotal moment.

That's why I am urging you to join me in voting for Bryan Goldberg to represent us in the State House.

With his extensive experience as a successful business leader and his deep involvement in our community, Bryan is the kind of leader who can bridge the partisan divide, truly represent you, and work for the benefit of us all. He is ready to lead from day one, and I am proud to give Bryan my full endorsement to represent House District 18.

Let's make a positive change together by electing Bryan Goldberg to represent our community in the State House.

FORMER STATE REPRESENTATIVE
House District 18
